

PECB Certified ISO 21001 Lead Implementer

Master the implementation and management of Educational Organizations Management Systems (EOMS) based on ISO 21001

Why should you attend?

The ISO 21001 Lead Implementer training course enables you to develop the necessary competencies to support an educational organization in planning, implementing, managing and maintaining a management system for educational organizations (EOMS) based on the requirements of ISO 21001. During this training course, you will explore the different components of an EOMS, including the EOMS policy and objectives, procedures, performance evaluation, management commitment, internal audit, management review and continual improvement.

After completing this course, you can sit for the exam and apply for a “PECB Certified ISO 21001 Lead Implementer” credential. A PECB Lead Implementer Certificate shows that you have understood the fundamental methodologies, requirements, framework and management approach.

Who should attend?

- Individuals involved in Educational Management and Administration
- Individuals involved in the development and provision of educational products and services
- Individuals seeking to gain knowledge about the main processes of Educational Organizations Management Systems (EOMS)
- Individuals interested to pursue a career in the field of education
- Individuals seeking to contribute to the field of education and standardized management systems in educational organizations

Course agenda
